**DISCOUNTS**

1. **Combined Earned Frequency Discount:** All insertions of a parent company and its subsidiaries are combined to determine the earned frequency rate. Advertisers may combine advertisements run in all Healio and SLACK publications to achieve maximum frequency.

2. **New Advertiser/Product Incentive:** New product advertisers with a minimum 3 ad commitment receive a 10% discount off all advertising placed in 2020. This discount may not be combined with the Continuity Discount. To qualify, the advertisement must be for a:

   - New indication for a currently advertised product in ENDOCRINE TODAY

3. **Continuity Incentive:** Advertisements for an individual product are eligible for a discount based upon the number of issues in which they advertise. Issue insertions do not need to be consecutive. This program may not be combined with the New Advertiser Discount.
   - a) 6 issues = 10% off
   - b) 12 issues = 15% off

4. **Prescribing Information Discount:** B&W prescribing information (PI) pages are eligible for the following discount. The 3rd page of PI and after may take a 50% discount off the earned rate.

   - c) Less 15% Agency Discount

5. **Clinical Trial Ad Buy One, Get One Free:** Clinical trial advertisements may run a second insertion of the same ad unit in any issue for no charge. Ad creative must promote participation in a current clinical trial. Corporate and/or disease state advertisements are not eligible. May not be combined with other Continuity, Free Ad or New Advertiser Discounts.

6. **Multichannel Program:** Custom multichannel programs are available that meet your specific advertising needs. Contact your Sales Representative to discuss options.

7. **Corporate Discount:** Total net spend achieved in the year 2020 will set a Corporate Discount to be taken off advertising placed in 2021 advertising.
